Summary

Full-Stack Web Developer experienced in both classic and emerging application technologies such as JavaScript, Node.js, React.js, and GraphQL through the University of Wisconsin Coding Bootcamp. Can effectively collaborate in team environments as well as work efficiently in an independent capacity to build websites/applications from the ground up. Fueled by creativity, strengths lie in front-end development with the ability to create and manage back end servers and databases.

Skills

- **Full-Stack - Tech Stack**

HTML, CSS, JavaScript, Git, Responsive Design, APIs, DOM, jQuery, AJAX, JSON, Node.js, Object-Oriented Programming, Bcrypt, Agile Development, REST, Jest, Express, MySQL, Object-Relational Mapping, Sequelize, Handlebars.js, NoSQL, MongoDB, Mongoose, Progressive Web Applications, MERN Stack, GraphQL, SharePoint Online 365, React.
